

Grade 9 Health Education Curriculum

Note: Ninth graders do not have a formal health education program. Students are pulled from their physical education classes for 5-7 days to receive substance use prevention information.

Substance Use Prevention-Marijuana, Tobacco, and Club Drugs

How do I make good decisions? Is this a healthy decision?

- Knows the effects and consequences related to tobacco, marijuana, and club drugs
- Discusses the school rules, as well as state and federal laws, regarding tobacco, marijuana, and club drugs.
- Locates helping resources (school/community/state).
- Demonstrates refusal skills and decision-making strategies
